

## **COURSE CONTENT**

Course:	<b>ECITB CCNSG Safety Passport</b>
Course cost:	£150.00 + Vat per person
Course duration:	2 Day
Course aim:	To provide candidates with the knowledge to work safely on site in a range of engineering and construction environments.
Pre-requisites:	The candidate must be a minimum of 18 years old.
Course content:	Introduction to general Health and Safety legislation. Working at height. Confined spaces. Permit to work. Risk assessment/method statements. Fire safety. The environment. Asbestos. Site transport. Noise and vibration. Lifting operations. Electrical safety. Incident and accident reporting.
Course ratio:	3:1 Minimum. 16:1 Maximum.
Period of certification:	3 years dependent on successful completion of course including written tests.
